Dear Mr. Goldick:

Thank you for your letter of January 7. We are Trustees of the Czech Memroail Scrolls and accordingly we pass on a scroll on PERMANENT LOAN. We ask each recipient of a scroll to contribute not less than £200 (two hundred pounds) towards the heavy work incurred in housing, examining and classifying the 1,564 scrolls of which only a small proportion were usable.

We do not have any kosher scrolls available. I will be happy to place your request before my committee at its next meeting and let you have their decision in due course. We have very many requests and these are taken in strict rotation.

Yours sincerely,

Honorary Secretary
